LIABILITY INSURANCE

The Board recognizes the risks it faces in the ordinary course of conducting a school program and chooses to insure itself against certain liabilities as a result of such risks.

The Board shall in accordance with law insure its employees against injury or death resulting in the course of their employment and shall insure vehicles owned, hired or operated by or under the direction or supervision of the Board for the purpose of pupil transportation in such an amount as to protect the Board, District employees, pupils, and their parents or legal representatives from loss or damage. The Board shall also insure against any major liability arising from the use of a motor vehicle by an employee of the District in the performance of District business, except that each staff member who is required to use their own vehicle in the performance of District business shall be required to carry liability insurance in the amount of \$100,000/\$300,000, in which the insurance benefit must be exhausted before District insurance will be paid.
