CRIME PROTECTION INSURANCE/FISCAL BONDING

The Board of Trustees recognizes that prudent trusteeship of the resources of this district dictates that employees responsible for the safe-keeping of district money be appropriately bonded and that the District be appropriately insured against fiscally-impacted crimes.

The District shall be indemnified against loss of money through the mechanisms of bonding of all staff members and crime protection insurance. The blanket bond must provide \$100,000 in coverage and the crime prevention insurance must provide \$500,000 in coverage.

The District shall bear the cost of bonding the employees of the District.
